**REMARKS/ARGUMENTS**

In the Office Action mailed 4/5/2007, the Examiner indicated this application contains claims directed patentably distinct inventions, specifically:

Group I. First embodiment Claims 1-105

Group II. Second embodiment Claims 106-118

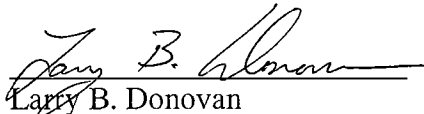

Applicant is the claims in Group I, claims 1-105, without traverse. Claims 106-118 have been canceled without prejudice and disclaimer. In view of the examiner's restriction requirement, applicant retains the right to present claims 106-118 in a divisional application. As a result of this amendment, claims 1-105 are now pending.

The examiner also objected the drawings. Accordingly, replacement sheets are submitted herewith.
